

A large advertisement for 'C&C Hair Treatment' is centered on the page. It features a close-up photograph of a woman with voluminous, wavy blonde hair, wearing a red top and a small diamond earring. The background of the ad is light with bokeh effects. Text is overlaid on the right side of the image.

Hydration Recipe

Keeping hydrated is an important part of staying healthy. Water promotes cardiovascular health, keeps your body cool, helps muscles and joints work better and keeps skin supple. Here is this month's hydration recipe:

Mixed Berry Water

Ingredients:

1 cup raspberries

1 cup blueberries

1 cup blackberries

Water

Instructions:

Add all the fruit to a pitcher of water. Refrigerate for 4-6 hours to infuse the flavors. Refill as needed.
